アメリカのオプトメトリー養成校

Pediatric and Vision Therapy Clinic

アメリカの学会: COVD (College of Optometrists in Vision Development)

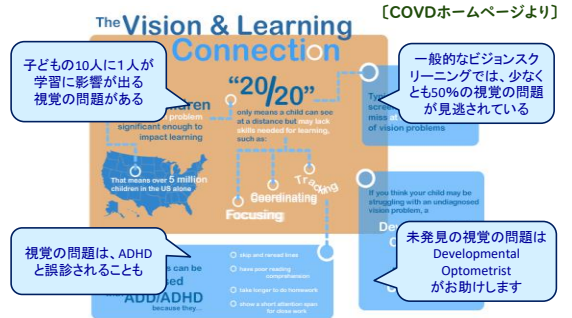

COVDの3つの柱

Behavioral and developmental vision care

Vision therapy

Neuro-optometric rehabilitation

Learning-Related Vision Problems 学習に関連する視覚の問題

Fellowship Certification for Optometrists

- Vision therapy is a comprehensive and evidence-based set of procedures that goes beyond traditional eye exercises. It is a drug-free and effective approach to correcting and enhancing the skills necessary for proper vision, under the supervision of a behavioral optometrist.

Certified Optometric Vision Therapist

- Vision Therapistとしての実務経験を積む。COVDの会員であるoptometristのもとで developmental optometryに関連する仕事で2,000時間以上の経験が必要
- Guided Study Open Book Questions
- 筆記試験と面接試験
